Published: 01-07-2023

## 1. IDENTIFICATION OF THE SUBSTANCE

### Product identification

**Trade name:** Glasfacoll 220

### Relevant identified uses of the substance/ mixture. Usage discouraged.

For wallpapers weight about 350 gr/m<sup>2</sup>, fiberglass, textile and photomurals based on paper and non-woven.

### Details of the supplier of the Safety Data Sheet. Adress and phone number.

**Producer:** Dutch Wall Decor bv

**Address:** Ohmweg 1F - 2952BD Alblaserdam

**Telephone:** 0478 63 11 85

**E-mail:** info@dwd.nu

**Website:** www.dwd.nu

### Emergency numbers

National Poisons Information Center: +31(0)30-2478888, exclusively intended for to inform professionals in case of acute poisoning.

## 2. HAZARD IDENTIFICATION

### CLASSIFICATION OF THE MIXTURE

Classification of the mixture according to the classification rules of Directive 1999/45/EC. The product is not classified as hazardous.

### MARKING ELEMENTS

In accordance with European Union legislation and national requirements, the product does not require marking.

### OTHER HAZARDS.

None of the components of the mixture meets the criteria for PBT and/ or vPvB.

## 3. COMPOSITION/ INFORMATION ON INGREDIENTS

The product is a mixture. The product does not contain any hazardous ingredients in quantities which, in accordance with European Union law and national requirements, would require them to be listed in this part of the safety data sheet.

## 4. FIRST AID MEASURES

### DESCRIPTION OF FIRST AID MEASURES

#### WARNING

In all cases of disturbing symptoms or doubts, look for medical attention.

#### INHALATION

Under normal conditions of storage and use, this product is not hazardous.

In case of discomfort, bring the victim to the fresh air from danger area. Provide peace of mind.

If symptoms persist, consult a doctor.

#### SKIN CONTACT

In case of contact with skin wash off with plenty of soap and water. Do not allow to dry on the skin surface. In case of irritation consult your doctor. Use moisturizing cream.

#### EYE CONTACT

Wash eyes with plenty of running water for about 15 minutes. If possible remove contact lenses. Provide eye protection if irritation persists.

#### INGESTION

Rinse mouth with water. Provide medical attention.

## 5. FIRE FIGHTING MEASURES

Non-combustible product. It does not present any risk of fire or explosion. In case of fire use traditional extinguishing agents.

## 6. ACCIDENTAL RELEASE TO THE ENVIRONMENT

### PERSONAL PRECAUTIONS, PROTECTIVE EQUIPMENT AND EMERGENCY PROCEDURES

Wear protective clothing. When selecting protective clothing, follow the instructions in point 8.

### ENVIRONMENTAL PRECAUTIONS

The product is not classified as environmentally harmful. However, leakage and introduction of sewers and wastewater should be prevented. If small quantities get into the water, it is unlikely that they will cause any damage. All large-scale incidents should be reported to local or national environmental authorities.

### RECOMMENDATIONS FOR PREVENTING THE SPREAD OF LEAKAGE.

If possible, seal the leakage area, close the liquid supply.

### RECOMMENDATIONS FOR THE ELIMINATION OF LEAKAGE

Large spills should be discharged into a marked collection container and used or disposed in accordance with applicable regulations. Small spills should be absorbed with neutral sorbent. Collected into the tank and disposed of in accordance with applicable regulations.

## 7. HANDLING AND STORAGE

### SAFETY PRECAUTIONS FOR SAFE STORAGE

Do not eat or drink while using the product.  
Wear protective clothing.  
Avoid eye contamination.  
Use the product according to the information in the product data sheet.  
Well ventilated workplaces.

### CONDITIONS FOR SAFE STORAGE

If possible store in the original packaging. Store at temperatures between 5°C and 25 °C to protect from frost and direct sunlight. Despite of storage in specified temperature range, coagulation may occur. The product is biodegradable. Keep containers tightly closed. Protect from moisture.

## 8. EXPOSURE CONTROLS/ PERSONAL PROTECTION

### CONTROL PARAMETERS

Not applicable.

### APPROPRIATE TECHNICAL CONTROL MEASURES

Provide workplace ventilation.

### EYE OR FACE PROTECTION

In case of splashes, use safety glasses or face shield.

### SKIN PROTECTION

Wear protective gloves and suitable protective clothing (lightweight suits).

### RESPIRATORY PROTECTION

In case of insufficient ventilation use mask with absorber.

### THERMAL HAZARD

The product does not pose a thermal hazard.

### CONTROL OF ENVIRONMENTAL EXPOSURE

The product is biodegradable. Avoid release to the environment, do not introduce into drain.

## 9. PHYSICAL & CHEMICAL EXPOSURE

Physical state	Paste
Colour	Cream-white
Odour	Of acetate
pH-value	7 ± 0,5
Solubility	Miscible with water
Flammability	Non flammable
Specific Gravity	1,00 ± 0,05 g/cm <sup>3</sup> in temp. Of
Oplosbaarheid	Verdunbaar
Viscoïteit	50000 ± 5000 mPaS in temp. Of 20°C

## 10. STABILITY AND REACTIVITY

### CHEMICAL STABILITY

Under conditions of storage and use recommended by the manufacturer, the product is stable.

### POSSIBILITY OF HAZARDOUS REACTIONS

Lack.

## 11. TOXIOLOGICAL INFORMATION

The product was not toxicological. The hazards posed by human health are in accordance with the rules applicable to mixtures (see section 2 of this Safety Data Sheet).

### INFORMATION ON TOXIOLOGICAL EFFECTS

#### Health effects of acute exposure:

Not known.

#### Health effects of chronic exposure:

Repeated exposure may cause slight skin irritation.

#### Health effects of local exposure:

#### Based on available data:

Used according to application, regulation and safety is not a hazard. The product is non-toxic.

#### Inhalation:

Slight at ambient temperature.

#### Skin contact:

Repeated or prolonged contact may cause skin degreasing, which may lead to skin irritation and/ or dryness.

#### Eye contact:

May cause redness and discomfort, what is temperary.

## **Ingestion:**

Ingestion of very large quantities can cause discomfort and irritation of the digestive tract.

## **12. ECOLOGICAL INFORMATION**

Do not put the product deliberately into drains or water tanks.

### **Toxicity**

The product is non-toxic

### **Persistence and degradability**

The product is biodegradable.

## **13. DISPOSAL CONSIDERATIONS**

### **METHOD OF REMOVING SURPLUS OR WASTE**

Product waste in the first place should be recovered. Wastes that have not been recovered, should be disposed (disposed of, waste code 16 03 06).

### **HANDLING OF CONTAMINATED PACKAGING**

Use reusable packaging after use again.

Disposable containers can be cleaned with water.

Dispose in accordance with the packaging and packaging waste act.

**Plastic packaging code 15 01 02**

**Matal packaging code 15 01 04**

Existing EC, national and local regulations must always be followed, if in doubt, contact the local Environmental Protection Agency for advice.

### **LEGAL BASIS:**

Waste Act of 27 April 2001 (Journal of Laws No. 62, item 628), as amended. He packaging and packaging Waste Act of 27 April 2001 (journal of Laws No. 63, item 638), as amended. Regulation of the Minister of the Environment of 27 September 2001 on the waste catalog (Journal of Laws No. 112, item 1206).

## **14. TRANSPORT INFORMATION**

Packaging and transport are not subject to the provisions concerning the carriage of dangerous goods.

## CHEMICAL SAFETY ASSESSMENT

The supplier has not assessed the chemical safety of the mixture. According to REACH Regulation data there is no chemical safety assessment for this product necessary. The material safety data sheet has been prepared in accordance with Commission regulation (EU) No 453/2010 of 20 May 2010. The safety data sheet has been developed on the basis of the data provided by the raw material suppliers and the expertise and knowledge they have gained, including the information in the ESIS and IUCLID database. Amendment of number 1 - article 15 supplements the provisions. This product should not be used for purposes other than those specified in 1 section containg this document prepares: CHEMISTRY. This document is of an informative nature. The provided here information is based on the current state of our knowledge and experience. They do not form warranty for the properties or specifications of the product and cannot give rise to any be a complaint. The product must be transported, stored and used in accordance with applicable regulations. Use of the information provided and the use of the product is not controlled by the manufacturer, therefore the responsibility for the safe use of the product by the user.
